Mission

With passion, pride, and professionalism, actively partner with clients to deliver superior technical and management support exceeding expectations.

Values

- Conduct business in an ethical and honest manner.
- Possess professional integrity and exemplary dedication to client satisfaction.
- Promote the belief all injuries and incidents are preventable.

About BGI Security

BGI Security, LLC is an entity of the Banda Group International family of companies accomplishing successful projects and business throughout the United States and around the globe since 2003.

BGI Security is a certified as small business entity, a minority-owned business entity, and a veteran-owned small business (VOSB).

The BGI Security team understands the importance of the relationship between consultant and client — and the client is valued above all else. This is critical in retaining contracts and for future business. We strive to stay in constant communication and to maintain transparency and accountability.

The BGI Security management team is made up of seasoned law enforcement and military veterans with more than 100 years of combined experience in actual field operations.

The firm's primary mission is to engage and employ qualified professionals and retain staff with above-average compensation and generous benefit packages. This keeps BGI Security competitive in a tight marketplace.

BGI Security has established proactive recruiting methods to assure team members possess the experience and the required knowledge and skills to perform a variety of security tasks.

BGI Security provides best-of-class specialists ready to respond to all client needs.

Security teams are deployed in numerous settings including residential developments, construction sites, as well as manufacturing facilities.

Holistic security programs are designed and tailored with the individual client in mind. Team professionals develop and establish site-specific security plans including, but not limited to

- site access controls;
- visitor and worker badging;
- security patrols;
- security briefings;
- emergency response plans; and
- unusual or illegal activity monitoring.

BGI Security will leverage a proactive approach to deter criminal activity and promote safety on your site.

Security Escort Services

Consolidated Nuclear Security, LLC | U.S. Department of Energy (DOE) | Y-12 National Security Complex

Security escort contractor for DOE's Y-12 National Security Complex. "Q-cleared" escorts facilitate site access for various subcontractors working on a variety of projects including construction, industry, and environmental, health, and safety (EH&S) tasks. Banda Group International (BGI) leverages its institutional knowledge of DOE's site security and protective service procedures to assure our clients are prepared to navigate the many layers of complex site security.

Security Escort Services

DOE | Los Alamos National Laboratory (LANL)

BGI escorts protect DOE facilities and property while also meeting the needs of corporate and client partners. Escort teams collaborate with clients to assure security specialists are approved and properly trained to access restricted area sites. "Q-cleared" escorts accompany personnel, visitors, and vendors for a variety of tasks and projects, all while monitoring and enforcing safety and security policies.

Site Security Support

Confidential Client | Semiconductor Wafer Production Campus

Comprehensive security services for the construction site of a large-scale semiconductor manufacturing and fabrication campus with more than 8,000 personnel. BGI has developed an extensive site-specific security plan outlining site logistics, controlled access, security, and protection of intellectual property. BGI's security plan includes access to K9 survey teams and the deployment of drone countermeasures to mitigate unwanted ariel surveillance of the site.

Commercial Strip Mall Security Services

Confidential Client | Phoenix Metro Area

Un-armed security services for a large 50-acre commercial strip mall with a tenant base of more than 500 retailers. Tenants range from restaurants, medical offices, fitness centers, along with other local businesses. Officers are fully uniformed and conduct patrols via foot, golf cart, and a clearly identified patrol vehicle. Officers work directly with an onsite property management company to assure a safe environment for tenants and patrons.

HOA / Private Community Security Services

Confidential Client | Paradise Valley Arizona

Security access control services at a private gated community. Officers monitor and record all ingress and egress activity while stationed at a fully equipped gate house. Security support services to the residents of the gated community include medical-related issues.
